

# CREATE PhD Programme annual monitoring log for fellows

To be completed by fellows once a year in September. This log is to monitor your progress in terms of meeting objectives of the Programme. This information will enable us to understand if additional support is required. It is also a requirement by Wellcome to report on programme progress. All information provided will be treated with confidence. The progress of each fellow against programme objectives will be reviewed by the PMG and all fellows will receive feedback. Please note that completing this log is a requirement of the CREATE fellowship programme. Questions with a red asterisk are required.
